

YASH SONI

Data Scientist | Machine Learning | Software Developer
+91 7573060995 • yashrakeshsoni@gmail.com • [linkedin.com](#) • Vadodara, Gujarat

Summary

Aspiring AI G Generative AI Engineer pursuing B.Tech in Computer Science with a strong foundation in Python, data analysis, and machine learning. Currently learning Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), embeddings, vector databases, prompt engineering, and AI application development. Hands-on experience with Python, Pandas, NumPy, Scikit-learn, REST APIs, and full-stack development using the MERN stack.

Skills

Python • Machine Learning • LLMs • Prompt Engineering • RAG • NumPy • Pandas • React.js • Node.js • Git

Experience

Webmyne Systems Pvt. Ltd.

Vadodara, India

AI Intern

06/2026 - Present

- Working with AI and Generative AI technologies to develop intelligent applications.
- Building hands-on experience with Python, machine learning, and LLM-based solutions.
- Learning industry practices for AI development, prompt engineering, and model integration.
- Collaborating with the development team to build and improve AI-driven features.

Shivaansh Technologies.

Ahmedabad, India

MERN Stack Intern

05/2024 - 08/2024

- Developed MERN stack applications integrating REST APIs and MongoDB for efficient data handling.
- Developed and maintained full-stack web applications using the MERN stack.
- Built and integrated REST APIs for seamless frontend-backend communication.
- Worked with MongoDB for data storage, retrieval, and optimization.
- Collaborated on feature development, debugging, and application improvements.
- Used Git for version control and team collaboration.

Education

ITM (SLS) Baroda University (ITMBU)

Vadodara, India

B.Tech CSE with 8.88 CGPA and 9.74 SPI

07/2024 - 04/2027

ITM (SLS) Baroda University (ITMBU)

Vadodara, India

Diploma in CSE with 8.85 CGPA

06/2021 - 04/2024

Shree Narayan Vidhyalaya

Vadodara, India

10th with 86.14% and 95 percentile

03/2020 - 05/2021

Projects

Chatbot Development (Learning Project)

Python | Prompt Engineering | LLMs

- Exploring AI chatbot development using Large Language Models (LLMs).
- Designing and refining prompts to generate accurate and context-aware responses.
- Learning chatbot workflows and AI application development through hands-on practice.
- Currently expanding knowledge of RAG, embeddings, and vector databases.

Data Cleaning & Preprocessing Using Python

Python | Pandas | NumPy

- Cleaned and transformed datasets containing 500+ records.
- Handled missing values, duplicate records, and inconsistent data.
- Prepared structured datasets for machine learning and data analysis.

Key Achievements

SAP Python Certification

Completed SAP Python G AI Certification (2025), Designed for gaining practical knowledge of Python and AI fundamentals.

MERN Stack Certification

Certified in MERN Stack from APNA College, mastering full-stack web development skills.

Interests

Good Projects-Gen AI

Webmyne's AI chatbot projects align with my interest in Generative AI, providing an opportunity to strengthen my skills in prompt engineering, embeddings, and vector databases.
